Design and Productivity: Figma | Canva | Microsoft Excel | Microsoft PowerPoint | Microsoft Word | Microsoft Outlook | Microsoft Teams

PROFESSIONAL EXPERIENCE

Walmart Global Tech India Pvt Ltd | May 2023 - June 2026

Progressed through three roles:

Manager, Academy Content (Individual Contributor) | Oct 2025 - June 2026

- Owned end-to-end instructional design and development of 30+ blended learning solutions, reaching 4,000+ learners across Walmart Stores, Sam's Club, and Walmart International.
- Designed and managed end-to-end learning paths comprising 20+ microlearning modules supporting 400+ associates across operational and compliance-focused topics.
- Acted as a learning consultant to 5+ SMEs and business stakeholders, diagnosing performance needs, recommending instructional approaches and translating business goals into learner-centered solutions.
- Reviewed instructional design deliverables and mentored peers through feedback.

Senior Analyst, Global Talent & Learning | Nov 2023 - Oct 2025

- Designed end-to-end blended learning solutions across eLearning, microlearning, ILT, workshops, assessments, performance support, and High-Level Outline (HLO)/ Detailed Level Outline (DLO) development.
- Created 10 modules for a learner-centered leadership development library for managers and people leaders, covering practical soft skills and behaviours, supporting self-directed capability development
- Built structured onboarding and learning journeys and facilitated 10–15 onboarding sessions for 200+ associates, supporting new-hire readiness and transition into the organization.
- Partnered with 10+ SMEs and cross-functional stakeholders across the learning lifecycle, translating business and performance needs into learner-centered solutions and coordinating content validation and implementation.
- Developed learning experiences achieving typical 80–85% completion rates and 4–4.5/5 learner feedback scores, using participant feedback and learning data to refine content.

- Led the design and development of an accessibility and disability inclusion learning program focused on fostering inclusive workplace behaviours.
- Designed scenario-based assessments, knowledge checks, and interactive activities to reinforce learning and assess learner understanding.
- Leveraged ChatGPT, Microsoft Copilot, and Gemini to streamline storyboarding, activity design, and content development, reducing typical course development timelines from approximately 2 weeks to 1 week.

Analyst, Global Talent & Learning | May 2023 - Nov 2023

- Created 7+ digital learning modules across onboarding and operational learning initiatives, creating content and learning assets aligned with business and learner requirements.
- Achieved 80–90% course completion rates through engaging learning content, using learner feedback to support continuous improvement.
- Initiated and developed a Quick Reference Guide for Elucidat, creating reusable guidance to support efficient digital learning development.

Capgemini Technology Services
Associate Instructional Designer | Sep 2022 - Feb 2023

- Developed 8+ web-based training (WBT) modules aligned with client learning requirements and business objectives.
- Performed quality assurance reviews of 10+ eLearning and video-based modules to ensure accuracy, functionality, and learner experience.

Eka Software Solutions
Associate Consultant – Learning & Development | Feb 2022 - Jul 2022

- Managed learning operations through the Learning Management System (LMS), including onboarding, ILT scheduling, program administration, and role-based learning assignments, completion tracking, and learner records.
- Coordinated new hire induction and product training programs with trainers, SMEs, supporting program delivery.
- Built learning reports and dashboards to monitor training completion, compliance, assessment participation, and program effectiveness.
- Developed and maintained individual learning plans, training records, and program documentation to support employee development and learning governance.

Epicor
Instructional Designer Associate | Feb 2021 - Nov 2021

- Created 5+ eLearning modules across assigned projects, developing storyboards and digital learning content aligned with client requirements and instructional design principles.
- Administered learning programs through the LMS, supporting course assignments, learner queries, issue resolution, and learning administration.
- Planned and executed learning communications, including communication calendars, Yammer content, and bi-weekly newsletters to promote learning initiatives and drive awareness.
- Collaborated with stakeholders to coordinate content development, review, and delivery across assigned learning initiatives.

Accenture
HR Associate | Nov 2019 - Feb 2021

- Managed 200+ employee onboarding and exit processes and maintained accurate employee records and documentation across HR systems.
- Resolved employee queries in collaboration with cross-functional teams, supporting timely HR service delivery and employee experience.
